seemed as a trade of the powers and virues of eat livered and the close of the powers and virues of eat livered and the close of diseases which it cales. It is purely weighted and earlier the spowers and opened here the spowers and opened here.

The Lette Oregonian

MONDAL MORNING, JULY 21, 1884. THE PIRST CAMPAIGN DOCUMENT

CIVIC VIRTUR.

purity if realizabilities. He does not believe the M (needs in range electron) beginning to the M (needs in range electron) beginning and attending and reversitial manner at authorized to violate taw, and be favors process. cution and punishment by severa penalty in tion and e great 1 ivate minfortunes contrasted ention and pure limination by severa penalty in every one of violation.

Mr. Haline between the maintaining a money system on a gold and silver basis, with currency of treatly convertible into noise, wild favors, as the currency experience for the design of our many processing private virtues, and allowed money system, rome measured to get bits the contributed very requirable to it rows that the contributed very requirable to it rows the contributed very requirable to it rows the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to it rows to take the contributed very requirable to t

Mr. Blanc favors the encouragement of actual settlers, and disconveyment of the tendency of settlers, and disconveyment of the tendency of corporations to consolidate large tracts. For the corporations to consolidate large tracts, for the control of the tendency of those and settlers to own and occupy a landted those and settlers to own and occupy a landted and artificially acres such, than for one man or one corporation to own a bundred thousand acres.

The first is better 4.0 and the first is better Mr. Hittine believes in more encouragement to American shipping in the direction of that given by the Dinging shipping billiand favorall president steps by the government forsid in the restoration of our manigation.

Mr. Hittine believes in more encouragement for side in the restoration of our manigation. The restoration of our manigation. Mr. Bisine believes that the safety of the re-

public rests upon the integrity of the ladient set of the set of t public rests upon the integrity of the ballot, admitted to have been lad." when thousands of Catholia soldiera were fighting in his experient command of the real stuff to bear attenuation against France; his support of the slave tradit without allow.

After the against France; his support of the slave tradit without allow. which Pas is 1794 and 1795 raspended shows A thed every guarantee of the iberty of the solice; the greatest of the inerty of the sulject the creation of Tury poers in such switch numbers and with such an exchange of the horizontal political subservicincy as to change fundamentally the character numbers of the house of lords and produce that strong permanent of the fermule between the two houses which is some of the key continued to present of the constitution; the periodicing in the disast rop. Prench leg and operations of the disast rop permanent of the present distribution of the constitution; the periodicing in the disast rop. Prench leg and operations of the constitution of the special product of the constitution of the constit persisting in the disas rose Preuch war and up position to every attempt to us so tinte a peace - these are the things which lead Lucky to his -these are the things which lead Lonky to fly that "in every field of politics he postponed in evitable measures of astice and riform, and sowed the seeds of unduring earl." Publishmenthis revenue during the greater part of his trigor was little less thank m. lion a year, although his court was passimonious to a faux and his headstaffer exceedingly restricted, and and his hospitality exceedingly restricted, and although he succeeded to a considerable sum took had been saved by his prescensor, he accumulated in the course of his reign debts to the amount of no less than \$ 200 001 purade; and which is a model of its kind, will show. For these who propose making the execution, to Alaska it contains much valuable information.

Alaska it contains much valuable information, patient of these debts to 14 expenditures in part of these debts to 14 expenditures in part.

arguments may be hammered at will. There is

We copy from the Chicago, Tribune this

morning a very accurate and interesting description of the Alaska trip. It is written by

ir. Wester, a gentleman who has made a very

thorough ir vestigation of this part of the conn-

try during the past few months. He is a civil

dugineer by probasion, and is connected with the government work of improving the mavi-

gation of the Ohio and Mississippi rivers. During the suspension of this work from Jack of funds he has been traveling in the north-

west. Last February he started from Portland

and walked to Oakland pler, making several

detours to the coust on the way, and returned by steamer to the sound, and then walked from Olympia to the month of the Columbia by way

Gray's harbor and Shoalwater bay and thence to Portland, arriving here in apason to

make the June trip to Alaska: On his return he received letters calling him back to Cinci.

nati to resume work on the Ohio. Ha is a very close and accurate observer, as this lotter, which is a model of its kind, will show. For

In reply to a correspondent we will say that Cheveland did hang two criminals when he was sheriff, not long ago. It is more than likely and if the permanence of his power had depended that they deserved to be hanged, and we are inthat they received to me asserts, and we produce upon proposer some age may wear, a conjuding clinical to the opinion that he did the job as to the prevalent, the as we believe the mistaken upon popular suffrage they would, according clinist to the opinion that he did the job as well as he will ever do anything she. He was on a small platform at the time; the company was limited us himself, the criminals and a few other democrats, and there was less opportunity for himmering then when upon a large platform of the himmering then when upon a large platform. Public room should be made to ken that with a free trade plack concouled and up well, deflued hide to let the runnial through. Prome all accounts of his career it is evident that the good 8t George, but at austern and the valued was as good a banguam as the scatter of New York ever ruled to a place on the gall lows platform. interests of the whole pecule. If to this virtue

OLOSIEG GOOLATICA
